1. I have made arrangements with the Director of Public Safety, Agency for International Development, to show a film entitled "First Line of Defense" which was made by AID at the request of the Special Group (CI). It is a training film which depicts the joint planning and operation between the police and the Army and establishes the necessity for a determination of what level of violence they expect the police to control and at what point they have to go elsewhere for help.

2. The film will be shown at 10:30-11:15 on Thursday, 30 July in Room 1E 74 and I plan on attending. Since the space is limited, it is suggested that your component limit its attendance to six people. If another showing is indicated, this can be arranged for a later date.
